

NCAA Eligibility Information

The MSC Online Learning Program has received initial approval from the NCAA Eligibility Center. Our program is under an extended evaluation period to determine if it meets the academic requirements for NCAA cleared status. During this evaluation period, the courses listed may be subject to further review on a case-by-case basis, which will require additional academic documentation.

NCAA legislation permits a student to receive credit for a core course only one time. As a result, if a student repeats a core course, the student will only receive credit once for the core course, and the highest grade earned in the course will be included in the calculation of the student's core course grade point average. Likewise, if a student completes a course that is duplicative in content with another core course, the student will only receive credit for one of the duplicative courses, and the course with the highest grade earned will be included in the calculation of the student's core course grade point average.
